EDUCATION

California State of Polytechnic University, Pomona

Sept 2014 - Present

Bachelor of Science in General Civil Engineering

Senior Standing

GPA: 3.35

Relevant Courses:

Computer-Aided Design & MicroStation

Statics & Strengths of Materials

Elementary & Advanced Surveying

Highway Engineering & Traffic Engineering

WORK EXPERIENCE

Thien An Restaurant, Rosemead

July 2015 - Present

Waiter Position

Assisted and trained new waiters and servers

Resolved light complications from customers' complaints

ACADEMIC PROJECTS AND VOLUNTEER

Surveying Lab

January 2017

Utilized the total station to collect data points of the Rose Garden Cat at Poly Pomona and used the points to create a topographic map of the Rose Garden and its surrounding utilities.

Highway Engineering Lab

November 2017

Designed a two-dimensional interstate highway using MicroStation and Inroads. The design met and even exceeded the Caltrans Highway Design Manual standards.

Institute of Transportation Engineers Data Collection

February 2018

Manually performed traffic counts around the Staybridge Suites in Anaheim from 7 A.M. to 5 P.M. This data will be analyzed and used by the city to improve the roads or to provide an alternative for the traffic conditions near the suites.

SKILLS

Languages: Fluent in English and Vietnamese.

Technical: MicroStation, AutoCAD, Microsoft Word, Excel, and PowerPoint.
